

# Health Passport Non-Clinical Training Guide

Superior HealthPlan's Health Passport is a web-based, secure health information tool built using core clinical and claims data to deliver relevant healthcare information when and where it is needed for Foster Children in the state of Texas. The Health Passport helps Providers, State users, and Service Coordinators improve care coordination, eliminate waste, and reduce errors by providing a person's medical history and health interactions as the person progresses through the clinical process.

REMINDER: The data in the Health Passport is not a person's complete medical record, but it does contain information on patient demographics such as: doctor visits for which claims have been submitted, allergies, lab test results, immunizations, and filled medications.

The Health Passport is comprised of nine modules:

#### Modules

- ✓ **Face Sheet**—An easy-to-read summary that includes member demographics, care gaps, Texas Health Steps and Dental last visit dates, active allergies, active medications and more.
- ✓ **Contacts**—Easily find a foster child's PCP, Medical Consenter, Caregiver, Caseworker, and Service Coordinator contact information in one place.
- ✓ **Allergies**—Providers can use interactive fields to add or modify allergies at the point-of-care. Once an allergy is charted, it's instantly checked for medication interactions.
- ✓ **Assessments**—Providers can document Texas Health Steps, Dental and Behavioral Health forms directly online. Mailing or faxing in documents critical to patient care for display is still available.
- ✓ **Growth Chart**—Providers can chart weight, height, length and head circumference at the point of care to track growth of infants and children.
- ✓ **Immunizations**—A comprehensive list of a person's immunizations collected from ImmTrac.
- ✓ **Labs**—All lab results are made available, where providers typically only have access to the lab results they've requested.
- ✓ **Medication History**—A summary of medications filled and access to more detail, including name of the prescription, the prescribing clinician, date filled, and dosage. Indicators representing drug-drug, drug-allergy, and drug-food interactions appear when applicable as soon as new medications or allergies are added to the member record.
- ✓ **Patient History**—Past visits with details that include the description of service, treating provider, diagnosis and the service date.

## DFPS/Other Access

Step 1: Go to the Superior foster care website (<http://www.fostercaretx.com/>) to login.

Step 2: To **Login**, enter the **Username** (Email) and **Password** you created during registration. If you need to create an account, click the **Create an Account** button to register.

Step 3: To access Health Passport, click the **Click here to access Health Passport** button from your account homepage.

## The Tools You Need Now!

Our site has been designed to help you get your job done. Manage all products with ease in one location

### Check Eligibility

## User Agreement and Disclaimer

### User Agreement for Health Care Providers

I have read and agree to these terms.

For purposes of compliance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its accompanying privacy and security standards for an individuals protected health information, Health Care Providers are advised that this website is intended to be used in a manner defined within the "Treatment, Payment and Healthcare Operations" portion of the HIPAA privacy standards.

#### Terms of the Agreement

As a health care provider:

- You are responsible for identifying authorized users of the Health Passport within your organization.
- You are responsible for ensuring all users in your organization comply with all applicable state and federal laws, including privacy laws.
- Access to patient information must be limited to those patients actively under your professional care.
- You are responsible for maintaining the physical security and confidentiality of Health Passport information that you may view on a computer, print to paper, or copy or download to other formats.
- Passwords cannot be shared. If you are aware that a password has been shared, you are required to notify Superior HealthPlan Network within 24 hours so that a new password can be assigned.
- Superior HealthPlan Network reserve the right to monitor all activity on the website.
- You assume all risk of errors and/or omissions to all information manually added to the system.

### Disclaimer

#### Physician Responsibility

THE HEALTH PASSPORT IS NOT A COMPLETE ELECTRONIC MEDICAL RECORD. Access to the Health Passport does not relieve the health care provider of the professional obligation to obtain an accurate and adequate health history or to obtain any and all additional information necessary to provide professional services in a safe and effective manner, consistent with the prevailing standard of care. The data available in the Health Passport is merely intended to facilitate the providers information gathering. The provider is responsible for consulting with the patient or their legal guardian to verify the accuracy of Health Passport information used in the patients care or treatment.

#### Member Participation

As long as a patient has active coverage in Superior Health Plan Networks ("SHPN") STAR Health Foster Care Program, the patients information will remain available through the Health Passport. If a patients enrollment in SHPN STAR Health terminates, the patients Health Passport record will be archived and will be unavailable for viewing. If a patient is later re-enrolled in STAR Health, his or her Health Passport record will be reactivated; however, patients with a lapse in coverage under STAR Health may have gaps in the information that is available in the Health Passport.

I have read and agree to these terms.

## Member Search

To search a member, enter the first few letters of the first and last name and one of the three ID numbers (Medicaid ID, SSN, or DFPS ID) and click **Go**.

**Health Passport - Member Search**

First Name\*  Last Name\*  Medicaid ID  OR SSN  OR DFPS ID

The search results will display the full name of the member and other demographic information.

Click the member name to access the member's health record.

## Allergies

The **Allergies** module contains all allergies for a member entered by providers.

Click the allergy name to view the allergy history.

**M** indicates an interaction with a prescribed medication.

If an allergy has a comment associated with it, an asterisk (\*) appears next to the allergy name.

The strikethroughs indicate:

- Resolved status—an allergy the member no longer experiences
- Canceled status—an allergy that could be mistakenly entered

## Schedule

The **Schedule** tab offers child, adolescent, adult and catch-up immunization schedules. Click the respective schedule to open the document.

The screenshot shows the 'Health Passport: HUEY DUCK' interface. The 'Schedule' tab is selected. On the left sidebar, the 'Immunizations' section is highlighted. The main content area contains four buttons: 'View Child Immunization Schedule' (highlighted with a red box), 'View Adolescent Immunization Schedule', 'View Adult Immunization Schedule', and 'View Catch-up Immunization Schedule'. Below these buttons, two immunization schedule documents are displayed. The left document is titled '2019 Recommended Immunizations for Children from Birth Through 6 Years Old' and features a colorful timeline. The right document is titled 'Vaccine-Preventable Diseases and the Vaccines that Prevent Them' and is a detailed table with columns for Disease, Vaccine, Vaccine name(s), Vaccine schedule(s), and Disease complication(s).

## Care Gaps

Click the **Care Gaps** tab to view gaps in care, including missing immunizations.

The screenshot shows the 'Health Passport: HUEY DUCK' interface with the 'Care Gaps' tab selected. The left sidebar shows 'Immunizations' highlighted. The main content area displays a list of care gaps under the heading 'Care Gaps':

- No flu vaccine in past 12 months.
- Risk Category Alerts: COPD/Asthma
- Persistent Asthma - Not seen in past 6 months

## Labs

The **Labs** module contains a list of a member's lab results.

Click on a date and time to view details of labs.

By selecting **Filter Category**, you can filter by lab type.

**Integrated MedFacts Module**

Read this medicine information sheet carefully each time you get this medicine filled.

**Triamcinolone Cream and Ointment**  
 Brand Names: Examples include Aristonon A and Maraloy  
 (This medicine is used for: Reducing itching, redness, and swelling associated with many skin conditions.)

This medicine is a corticosteroid. The exact way that it acts against most causes of inflammation is not known, but it is thought to stop or slow the chemicals in the body that cause inflammation. This helps to relieve discomfort.

**Do NOT use this medicine if:**

- you are allergic to any ingredient in this medicine
- you are allergic to health care provider right away if any of these apply to you.

**Before using this medicine:**  
 Contact your doctor or health care provider right away if any of these apply to you:

- if you are pregnant, planning to become pregnant, or are breastfeeding
- if you are taking any prescription or nonprescription medicine, herbal preparation, or dietary supplement
- if you have allergies to medicines, foods, or other substances
- if you have a skin infection, measles, shingles, chickenpox, or have recently had a vaccination

Some MEDICINES MAY INTERACT with this medicine. Because of this, if any of these medicines is absorbed into the blood, the risk of interacting with another medicine is low. Ask your health care provider if this medicine may interact with other medicines that you take. Check with your health care provider before you start, stop, or change the dose of any medicine.

**How to use this medicine:**  
 Use this medicine as directed by your doctor. Check the label on the medicine for exact dosing instructions.

- Apply a small amount of medicine to the affected area. Gently rub the medicine in until it is evenly distributed. Wash your hands after applying this medicine, unless your hands are part of the treated area.
- Do not wrap or otherwise cover the treated area with bandages or wear tight-fitting clothing unless specifically directed to do so by your doctor. Do not use tight-fitting diapers or plastic pants on a child when using this medicine in the diaper area.
- If you miss a dose of this medicine, use it as soon as possible. If it is almost time for your next dose, skip the missed dose and go back to your regular dosing schedule.

Ask your health care provider any questions you may have about how to use this medicine.

**Important safety information about this medicine:**

- This medicine is for external use only. If you get this medicine in your eyes, immediately flush with cool tap water.
- Do not use this medicine for other skin conditions at a later time.
- Corticosteroids may affect growth rate in CHILDREN and teenagers in some cases. They may need regular growth checks while they use this medicine.
- Caution is advised when using this medicine in CHILDREN. They may be more sensitive to its effects.
- PREGNANCY and BREAST-FEEDING: If you become pregnant, contact your doctor. You will need to discuss the benefits and risks of using this medicine while you are pregnant. It is unknown if this medicine is found in breast milk. If you are or will be breast-feeding while you use this medicine, check with your doctor. Discuss any possible risks to your baby.

**Possible side effects of this medicine:**  
 All medicines may cause side effects, but many people have none, or minor side effects. The COMMON side effects have been reported with this medicine. Seek medical attention right away if any of these SEVERE side effects occur:

Severe allergic reactions (rash; hives; itching; difficulty breathing; tightness in the chest; swelling of the mouth, face, lips, or tongue); blurry vision; changes in menstrual cycle; easy bruising; excessive hair growth; impaired wound healing; itching, burning, redness, discoloration, or swelling of the skin not present before using this medicine; mental or mood changes; moon face; muscle weakness; osteoporosis; rise in body temperature; skin thinning; striae.

This is not a complete list of all side effects that may occur. If you have questions about side effects, contact your health care provider. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088. You may also report side effects at <http://www.fda.gov/medwatch>.

**IF OVERDOSE IS SUSPECTED:**  
 Contact 1-800-222-1222 (The American Association of Poison Control Centers), your local poison control center,

Waters-Kluwer Health, Inc. Page 1

**Integrated MedFacts Module**

<http://www.aapcc.org>, or emergency room immediately. This medicine may be harmful if swallowed.

**Proper storage of this medicine:**  
 Store this medicine at room temperature, between 68 and 77 degrees F (20 and 25 degrees C). Store away from heat, light, and moisture. Keep this medicine out of the reach of children and away from pets.

**General information:**

- If you have any questions about this medicine, please talk with your doctor, pharmacist, or other health care provider.
- This medicine is to be used only by the patient for whom it is prescribed. Do not share it with other people.
- If your symptoms do not improve or if they become worse, check with your doctor.
- Check with your pharmacist about how to dispose of unused medicine.

This information should not be used to decide whether or not to take this medicine or any other medicine. Only your health care provider has the knowledge and training to decide which medicines are right for you. This information does not endorse any medicine as safe, effective, or approved for treating any patient or health condition. This is only a brief summary of general information about this medicine. It does NOT include all information about the possible uses, directions, warnings, precautions, interactions, adverse effects, or risks that may apply to this medicine. This information is not specific medical advice and does not replace information you receive from your health care provider. You must talk with your healthcare provider for complete information about the uses and benefits of using this medicine.
